

MONAT Skincare

Product Layering Guide

MONAT®

This guide provides the knowledge you need to confidently layer MONAT Skincare products in 4 simple steps. By familiarizing yourself with this information, you will gain an understanding of what products belong in each category and in what order to apply them: CLEANSE, PREPARE, TARGET, and REPLENISH. Your path to becoming a MONAT Skincare expert begins here!

HOW TO USE

1. Start by identifying your skin type.
2. Choose the products appropriate for your skin type.
3. Consult this guide for proper application of products.
4. Follow the 4 steps below to apply and layer your products in order.

Daytime application

Nighttime application

As recommended

STEP 1

Cleanse

Cleanse with the appropriate cleanser for your skin type.

CLEANSE Product Options

Makeup Vanishing Balm™ for all skin types

Be Gentle™ Creamy Cleanser for dry, sensitive skin

Be Balanced™ Foamy Cleanser for normal, combination skin

Berry Refined Scrub™ for all skin types

CLEANSE Product Tips:

Water temperature is just as important as using the right cleanser. Rinse with lukewarm to warm water.

Use Berry Refined Scrub™ at night 1-2 times a week for gentle exfoliation. You may also opt to leave it on for up to five minutes for a micro-masking moment.

STEP 2

Prepare

Prepare your skin for the next steps.

PREPARE Product Options

Skin Revitalizing Essence™ for all skin types

PREPARE Product Tips:

Application technique is just as important as the product you are applying. Use your hands for application and gently press into the skin to boost absorption.

STEP 3

Target

Target your specific concerns to enhance your complexion.

TARGET Product Options

C. Radiance™ Illuminating Serum for all skin types

Rewind™ Age Control Nectar for all skin types

30 Second Miracle™ Instant Perfector for all skin types

Eye Smooth™ Nourishing Eye Cream for all skin types

TARGET Product Tips:

Allow each product to fully absorb and dry before applying the next product.

Apply Eye Smooth™ Nourishing Eye Cream after serum and prior to moisturizer.

Use 30 Second Miracle™ Instant Perfector as a temporary, quick fix after applying your serum for a boost of confidence, and for those special occasions when you want to feel your absolute best.

STEP 4

Replenish

Replenish your skin with the appropriate moisturizer for your skin type and sunscreen.

REPLENISH Product Options

Be Gentle™ Nourishing Moisturizer for dry, sensitive skin

Be Balanced™ Lightweight Moisturizer for normal, combination skin

Sun Veil™ for all skin types

Night Haven™ Overnight Age Control Cream for all skin types

REPLENISH Product Tips:

Allow daytime products to fully absorb before applying Sun Veil™ and makeup.

If your skin is feeling extra dry, apply 1-2 drops of REJUVENIQE™ Oil Intensive in your hands and blend it with Be Gentle™ Nourishing Moisturizer.
